

Commercial Electric Thermostats, cont'd

5000 (D1 & D1/D18) COMMERCIAL ELECTRIC THERMOSTATS

The 5000 Series (Model D1/D18) thermostat is DPST, for A.C. operation. For direct acting (contacts open on temperature rise). All 5000 Series have a positive off feature. U.L. file number E12103.

Electrical Rating: 10 amp 480 VAC per pole resistive load,
 21 amp 480 VAC 2 poles resistive load,
 30 amp 120-277 VAC per pole resistive load,
 30 amp 120-277 VAC 2 poles resistive load,
 7.2 FLA 120-277 VAC
 42 LRA 120-277 VAC
 250 VA PD 120-277 VAC (pilot duty)
 Maximum Ambient Temperature 150°F

5000-851
